Accessories
- Included: transport case
- Extension cable: 1.2 m

Inner Carton
- Gross weight: 1 kg
- Inner carton (L x W x H): 27.6 x 24.3 x 14 cm
- Net weight: 0.324 kg
- Tare weight: 0.676 kg
- EAN: 87 12581 51041 1
- Number of consumer packages: 6

Outer Carton
- Gross weight: 17.28 kg
- Outer carton (L x W x H): 57 x 50.5 x 58.8 cm
- Net weight: 5.184 kg
- Tare weight: 12.096 kg
- EAN: 87 12581 51040 4
- Number of consumer packages: 96

Packaging dimensions
- Packaging dimensions (W x H x D): 10.2 x 22 x 3.5 cm
- Gross weight: 0.116 kg
- Net weight: 0.054 kg
- Tare weight: 0.062 kg
- EAN: 87 12581 51039 8
- Number of products included: 1
- Packaging type: Blister

Highlights

Super soft rubber caps
The ultra-soft rubber material on the rubber caps is sensational to the touch and adapts effortlessly to your ear. In-ear headphones have never been this comfortable.

For most directional sound
Angled Acoustic Pipe is designed according to the curvature of the human ear canal so that sound waves from the speaker are directed precisely to your ear drum with the highest definition

For long-lasting comfort
The ear caps are made of extra soft silicone material that is sensational to the touch and fits effortlessly into your ear. They feel so good that you simply don't want to take them off.

For a snug and natural fit
Angled Acoustic Pipe is ergonomically designed according to the anatomy of the human ear canal. It fits in the ear so snugly and comfortably that you can put it on and simply forget about it.

For best sound at low volume
You don't have to turn up the volume in noisy places any more. Angled Acoustic Pipe and the perfectly sealing ear buds cut off background noise significantly, delivering the same quality sound at a lower volume and with a longer battery life.

Provides extra cable length
With the extra length provided by the extension cord, you have more freedom to move around without carrying your audio source. You can also customise the cable length according to your specific needs.

Neatly stores headphones away
This sumptuous little zip pouch not only looks hip, but also stores your headphones and cable neatly when they're not in use.

reproduce wide frequency range
Acoustically tuned speaker drivers are carefully designed to reproduce the widest possible frequency range in any recording, delivering the deepest rich bass and crystal clear treble in every piece of music you listen to

For deepest and richest bass
Turbo Bass air vents allow air movement for high-fidelity reproduction of the deepest and richest bass.
